## HISPANIC CHEESE MAKERS - NUESTRO QUESO® MEXICAN LINEUP

### FRESCO, PANELA, OAXACA, COTIJA AND QUESADILLA

**QUESO FRESCO:** It crumbles easily, however unlike stronger crumbling cheeses, the flavor of **Queso Fresco** is smooth – fresh, bright, milky, and mild – making it a perfect complement to just about any dish. **Our Fresco** is the best in its class in the industry. It won the Gold Medal at the American Cheese Society Contest and at the US Championship Cheese

**QUESO PANELA:** Is a fresh cheese. It is often referred to as the “flower of the milk”. Its elegant texture and exquisite taste helped earn silver medals in the U.S. Cheese Championship. Our **Panela** is lower in sodium than many Mexican cheeses which makes it a very healthy alternative.

**QUESO OAXACA:** It’s Mexico’s most popular cheese because it melts and strings like no other when heated, forming delicious long strings when pulled. It is a semi-soft cheese like un-aged Monterey Jack, but a mozzarella-like string cheese texture.

Queso Oaxaca is best served warm, it maintains enviable melting characteristics, has been chosen by numerous chefs and is the private label choice for quality-conscious retailers.

**QUESO COTIJA:** Is a dry grating cheese similar to Parmesan. It is an aged cheese, packed with flavor and zest that gets better with time. It is named after the town of Cotija in the Mexican state of Michoacán. It is usually saltier than the typical Mexican Cheese, strongly flavored, firm and it does not melt.

**QUESO QUESADILLA:** Is the perfect melting cheese for queso fundido and quesadillas and it can also be used for pizza and cheeseburgers or any other dish. Our recipe has won the Gold Medal for best Hispanic melting cheese. This cheese has exceptional melting properties and a smooth creamy flavor. When it melts, it becomes quite creamy without giving off any oil, even at higher temperatures.
