

INTRODUCING OUR NEW CHEESE FRIES

The new delicious Keto friendly snack you can enjoy with friends and family is here!

QUALITY AND
COMMITMENT

Introducing our Keto Friendly Cheese Fries, our delicious frying cheese in a fry format. Our Cheese Fries are a healthy and tasty alternative to traditional fries as they are Keto Friendly, convenient and nutritious. They are high in protein, low in carbs, an excellent source of calcium, and have no added sugars.

The frying cheese we make the fries with doesn't melt and makes for a delicious snack. When fried or pan-seared the cheese's creamy interior softens without melting and the outside turns into a golden-brown crust while maintaining its shape.
