HISPANIC CHEESE MAKERS-NUESTRO QUESO PARA FREIR

- ✓ Para Freir (frying) cheese is a firm, mild cheese most commonly used for pan frying, deep frying and grilling. It has long been a staple in the Caribbean and South America where it is appreciated for its ability to fry without any breading.
- ✓ It is the perfect cheese to serve hot because it has the unique characteristic of not melting even when exposed to high heat used in deep fryers. Frying or pan-searing soften the cheese and results in a golden brown crust with a creamy, warm interior while maintaining its shape.

USES AND APPLICATIONS

- ✓ Para Freir makes a great quick and delicious snack, enjoy it grilled, pan-fried or deep fried with salads, fruits, in sandwiches and as appetizers.
